

Growing AU Mosaic into Lagos' leading digital tile and pool brand.

Prepared for Nonso · AU Mosaic and Pool Materials · Agric Market, Lagos

Business objective

Increase enquiries, deepen customer trust, cut repetitive sales conversations, and lay the digital foundation for growth: a professional online presence now, operational systems next.

Live now: au-mosaic.shop

Built from your Business Discovery answers. Tap any product: it starts a WhatsApp chat, the way you already sell.

Deliverables · Phase 1: Website launch

- **Product catalogue** your full stock list
- **Pool construction pages**
- **WhatsApp on every product**
- **Google search optimization**
- **Mobile-first design**
- **Your story and showroom**
- **Trust and quality pages** the gum cement rule
- **Contact with WhatsApp and call**
- **Traffic analytics**
- **Launch and indexing**

Deliverables · Phase 2: Business operations dashboard

CRM and customer database · inventory with stock warnings · warehouse records · sales tracking and reporting · delivery management · invoices.

Domain strategy

Current: au-mosaic.shop, secured by Dyrane and connecting now. Premium upgrade: au-mosaic.com, recommended for long-term brand strength, about USD 40 per year. The .shop investment is credited if you later migrate to the .com.

Week 3

Launch, Google indexing, training

Investment

Phase 1	Website design and launch	NGN 250,000
Phase 2	Business operations dashboard	NGN 500,000
Optional	Monthly care: updates, photos, changes	NGN 25,000 / month

Payment options

Option A · Full payment. NGN 250,000 at start.

Option B · Installments. 40% to begin, 30% at launch, 30% thirty days after launch.

Option C · Growth partnership.

Instead of paying the full cost upfront, Dyrane recovers its investment through an agreed percentage of the additional revenue the platform generates, until the project value is reached. Terms agreed together before launch.

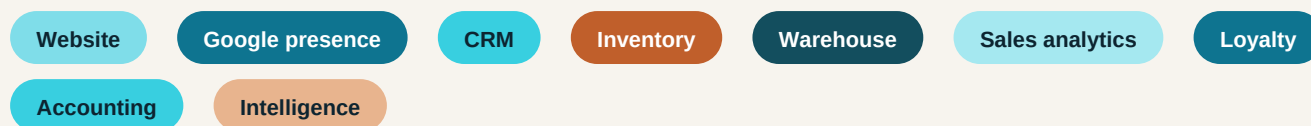

Expected results, within 90 days

More Google visibility. More WhatsApp enquiries. Higher customer trust. Better product presentation. Less time answering repeated questions. The foundation for inventory digitization.

Why Dyrane

Dyrane does not simply build websites. We design digital systems that help businesses sell more, operate more efficiently, and make better decisions with data.

The road ahead

The website is milestone one of a modern business.
