

AU Mosaic. The digital flagship.

Digital Transformation Proposal

GROWING AU MOSAIC INTO LAGOS' LEADING DIGITAL TILE AND POOL BRAND

Prepared by Dyrane Academy for Nonso, AU Mosaic and Pool Materials.

BUSINESS OBJECTIVE

Increase enquiries, deepen customer trust, cut repetitive sales conversations, and lay the digital foundation for growth: a professional online presence now, operational systems next.

WHAT WE'VE ALREADY BUILT

Live today: <https://www.aumosaic.com>

A luxury digital flagship, built from your Business Discovery answers and designed in the class of the world's mosaic houses: dark, editorial, cinematic. Open it on your phone. Tap any piece, and it starts a WhatsApp chat, the way you already sell.

DELIVERABLES

Phase 1: Website launch

- Luxury flagship design: dark, editorial, cinematic
- Environments before products, the storytelling of the great mosaic houses
- Product collection (your full stock list)
- WhatsApp on every piece
- Pool construction and renovation pages
- Brand mark, icons, and social card
- Your story and showroom information
- Trust and quality pages (the gum cement rule)
- Google search optimization, analytics, launch and indexing

Phase 2: Business operations dashboard

- CRM and customer database
- Inventory with stock warnings
- Warehouse records
- Sales tracking and reporting
- Delivery management
- Invoices

DOMAIN STRATEGY

aumosaic.com is live, connected, and the brand's home. The .com was always the recommendation for long-term brand strength, and the flagship now runs on it. Dyrane secured the domain on the business's behalf, our commitment to making this work; its cost is part of the Phase 1 investment.

INVESTMENT

Phase	Scope	Fee
Phase 1	Website design and launch	NGN 250,000
Phase 2	Business operations dashboard	NGN 500,000
Optional	Monthly care: updates, photos, changes	NGN 25,000 / month

PAYMENT OPTIONS

Option A · Full payment. NGN 250,000 at start.

Option B · Installments. 40% to begin (NGN 100,000), 30% at launch (NGN 75,000), 30% thirty days after launch (NGN 75,000).

Option C · Growth partnership. Instead of paying the full development cost upfront, Dyrane recovers its investment through an agreed percentage of the additional revenue the digital platform generates, until the agreed project value is reached. Terms agreed together before launch.

PROJECT TIMELINE

Week 1: business assets, photos, content. Week 2: website completion and testing. Week 3: launch, Google indexing, team training.

EXPECTED RESULTS

Within 90 days the business should expect: more Google visibility, more WhatsApp enquiries, higher customer trust, better product presentation, less time answering repeated questions, and the foundation for inventory digitization.

THE NUMBERS

Modest assumptions for a ten-year importer with its own factory line. Your order book replaces them in week one.

Revenue stream	Extra wins	Profit per win	Monthly impact
Retail tile orders	6 / month	₦60,000	₦360,000
Trade and wholesale	2 / month	₦250,000	₦500,000
Pool projects	1 / quarter	₦2,000,000	₦660,000
Combined			₦1,500,000+

One month at these rates repays the website and the dashboard together, twice over. And that is before wholesale container orders, where a single deal can carry more than all of this.

The quiet money stands: the site answers the repeated questions, the dashboard chases the debts.

WHY DYRANE

Dyrane does not simply build websites. We design digital systems that help businesses sell more, operate more efficiently, and make better decisions with data. See our work:

<https://dyrane.tech>

THE ROAD AHEAD

Today, then: professional website, Google presence, CRM, inventory, warehouse, sales analytics, customer loyalty, accounting integration, and a business intelligence dashboard. The website is milestone one of a modern business.

NEXT STEPS

1. Approve the proposal.
2. Select your payment option.
3. Send your business photos.
4. Provide your Instagram handle. Your WhatsApp line is already live on the site.
5. Launch within 2 to 3 weeks.

THE NEXT MOVE

Say yes, and the agreement follows within a day. Approve on WhatsApp or by email, choose your payment option, and we start the same week. This document is a proposal, valid for 30 days.
